**FOCUS**  
PROJECT 2024

The WMCLB is excited to support the new school in Chad, Gethsemane de N'Djamena-Bouso! This is a town of about 5,000 people, located just on the north banks of the Chari River, approximately 250 miles south and east of the capital city of N'Djamena. We are committing to fund the security fence, as well as the three teacher houses. The security fence will surround the school/classrooms, the teacher housing, the well, and the eventual orchard. The three houses have been built and the teachers have settled in nicely. We are looking forward to seeing how God is at work as this all comes together and the school is full of excited children!

Please pray that all those involved in GDNB will be able to share not only earthly knowledge but, more importantly, the knowledge of the one True God.
